### **ABOUT the MARITIME SOCIETY**

In 1935, a group of individuals involved with maritime interests got together to form a Society, whose objectives were aiding, advancing, assisting, encouraging, promoting, and otherwise supporting the development of the Port of Philadelphia. A goal was to cooperate with other ports in furthering the United States Merchant Marine and other national, state and local projects that would benefit the Port of Philadelphia. These included promoting sociability, developing a fraternal spirit and interchanging information and ideas among men and women engaged in marine activities in the Port of Philadelphia. The new group was named Port of Philadelphia Maritime Society.

Through the years there have been changes to both the Constitution and the By-Laws of the Society and, in 1985, realizing the need to expand its efforts into supporting all the ports both inside and outside of the city limits, the Port of Philadelphia Maritime Society changed its name to Ports of Philadelphia Maritime Society (PPMS), thus expanding inclusion of all ports of the Delaware River and Bay.

In February 2012 the Board of Directors of the Ports of Philadelphia Maritime Society approved the forming of a standing Scholarship Committee. The Scholarship Committee is responsible for developing, administering, promoting and processing scholarship applications.
